6) The varieties of Rice that the Contractor has agreed to supply, are not mentioned and unless this is known, it is not possible to say whether the rates quoted are the same as the Controlled rates. The latest Notification fixing different rates for different varieties of Rice in Bangalore City, is put up. For purposes comparison of rates, it may be mentioned that one palla of Rice generally weighs about 24½ lbs.

7) For Turdhal, the Controlled rate is Rs.23-12-0. But, we are not getting sufficient stocks of this commodity from the producing areas and the revision of the Price of this commodity is under consideration, as it is understood that this commodity cannot be got at the controlled rate, in places from which it is being imported.

8) There are other controlled articles in the Tender, like, Sojee, Sugar, Jaggery, Wheat, Flour, for which, the rates quoted by the Tenderer are much higher. For these commodities, the existing controlled rates are noted below

	Tender Rate.	Control Rate.
Jaggery.	5 lbs. per rupee.	Rs.3-8-0 per maund of 28 lbs (first quality

WD.1140—GPB—50,000—5-11-42

	Tender-Rate.	Control Rate.
Jaggery (2nd quality)		Rs.3/- per maund of 28 lbs.
Wheat Flour.	3 lbs. per rupee	Local Fine:- 8½ lbs. per rupee. Imported Maida: 7½ lb per rupee.
Sojee.	5 lbs. per rupee.	Local fine:- 7¾ lbs. rupee. Special fine: 7½ lbs. per rupee.
Sugar.	5 lbs. per rupee.	Re.0-9-6 per viss of 3 lbs.

9) It is seen that the rates given by the Contractor are far in excess of the Controlled Rates.

11) The Director of Civil Supplies states that it is not possible to give any opinion in regard to rices in the absence of information regarding the Variety of rices which the contractor has undertaken to supply. Information on this point will be obtained by phone (in view of urgency) from the Supdt, Central Jail

14) The samples of Rice (raw and boiled) tendered by the Contractors appear to be Coimbatore Sanna, Kaddi, Rajabhoga and Indrabhoga varieties, the present controlled rates of which are as follows:-

SECY. LAW DEPT. GOVT OF MYSORE

Kaddi.	(Old)	.. Rs. 20-8-0	per palla of 100 seers.
"	(new)	.. " 19-8-0	do
Coimbatore Sanna	(old)	.. " 22-8-0	do
"	(new)	.. " 21-8-0	do
Rajabhoga.		" 25-0-0	do
Indrabhoga.		" 26-8-0	d

One palla of Rice generally weighs about 240 lbs to 246 lbs. Assuming that the average quality is that of Rajabhoga, the price of rice is Rs. 25-0-0 per 100 seers, about 10 lbs of rice per rupee would be a reasonable price. However, better method would be to specify the varieties and price a contract at controlled rates for those varieties

Submitted. As ordered, the Comparative details of rates are given as follows for the items 1 to 4:—

Item	Controlled rate	Tender rate	rate allowing 20% for wastage	Favourable to Contractor
1 Rice — 1st quality	10 lbs	8 lbs	2 lbs	
Do 2nd quality	12 1/2		2 1/2	yes, by 2 lbs per rupee
2 Rice broken	12 lbs		2 2/5	yes, by 2 lbs per rupee
3 Ragi (flour)	22 lbs	16	4 2/5	yes, by 2 lbs
4 Tuvar Dhal	9 lbs	6	1 1/2	yes, by 1 1/2 lbs

17) Kind reference is invited to the Dewan's minute ~~18/2~~ 6 ab para 4 supra

The tenderer is agreeable to supply the first four articles at controlled rates provided he is given 20% extra. This seems to be reasonable since something will have to be given to him for transportation, wastage on cleaning and establishment. Even if this percentage is allowed the total charges will be less than the tendered rates as indicated in the statement above

As regards items (4) Dhall, the controlled rate is said to be under revision

As regards the other items, the Director of Civil Supplies says that the rates for some of them are in excess of the controlled rates. The tenderer on the other side contends that since submitting his tenders, the rates have gone high and that he may be given 75% over his tendered rates both for the Mysore & Bangalore jail

The proposal is to pay to the contractor 1

over the market rates for the articles supplied

I fail to see the necessity for paying such a high profit as 15% in the case of articles like Gingelly oil, Ghee, Sugar, Jaggory, Coffee, Tea, Spirit bottles, Carbolic soap, Kerosine Oil tins, Mysore Soap cakes, Washing soap cakes, match boxes, Pin Sheets, Self-Inking Pads, Ink-bottles, saffron, etc. None of these articles require cleansing and it would be in my opinion enough if a margin of 5% or 6¼% at the most is allowed.

To

The Inspector-General of Prisons in Mysore,
Bangalore.

Sir,

With reference to your kind enquiry whether I could undertake to supply items 1 to 4 of my tender, viz., Rice (Raw and boiled), Ragi and Dhal to the Jails at Bangalore and Mysore at the controlled rates during the calendar year 1943, I beg to submit as follows:-

1. I shall be quite glad to supply Rice of good quality viz., Coimbatore Sanna and ragi and dhal at the controlled rates provided the Government are pleased to help me to procure these articles at the controlled rates in quantities sufficient to meet the requirements of the Jails, allowing me a small margin of profit for my investment and also to cover the cost on account of wastage (for cleaning purposes), establishment and transport charges.

2. Further I wish to state that since submitting my tender, the market prices of certain articles such as curry powder, tamarind, salt bread, barley, arrowroot, thire, soji, milk, wheat-flour, coffee, soap match-boxes etc., have risen from about 50 to cent per cent over the tendered rates. Owing to the delay in the acceptance of my tender, I have not been able to purchase these articles and stock them in quantities enough to last during the calendar year. The prices are rising from day to day. I request you, therefore, to make a recommendation to Government to allow me an increase of 75% over the tender rates for these articles to enable me to carry out the contract without sustaining any loss.

I beg to remain,
Sir,
Your most obedient servant,

B. T. Ramiah

Sir,

Subject:- Tender of Mr. B.T. Ramiah, for the supply of Ration articles to the Central Jail, Bangalore during the Calendar year 1943.

In continuation of my letter No. 733-21 dated the 15th February 1943 on the above subject, I have the honour to state that until Mr. Ramiah executes the necessary bond for the due fulfilment of the Contract, it will not be possible to enforce regular and timely supplies to the Jail. I request therefore that orders of Government regarding the acceptance of the tender may kindly be obtained and communicated to me very early.

Mr. Ramiah expresses difficulty in procuring the diet articles required for the Jail. I submit herewith the representation received from him and request that in the circumstances explained therein, the Director of Civil Supplies may kindly be instructed to give him (Mr. Ramiah) necessary relief.

To,

The Inspector-General of Prisons
in Mysore, Bangalore.

Sir,

With reference to your Memorandum No. 733-28 dated the 27th February 1943, asking me whether I would carry on the contract for the supply of ration articles to the Jails at Bangalore and Mysore at my tendered rates or in the alternative at 10% above the controlled rates for the first four articles of the tender, I beg to submit that as per rules, I am bound to carry on the contract at my tendered rates if my tender is accepted and sanctioned. But as the question of accepting my tender is still under correspondence, I have not been able to purchase and stock the articles in quantities enough to last during the calendar year 1943. Since submitting my tender, the market prices of certain articles such as Dhal, curry powder, tamarind, bread barley, arrowroot, curd, soji, milk, wheat-flour, etc., which are not easily procurable have risen twice the tendered rates and are rising from day to day. I request therefore that for reasons already explained in my representation dated the 8th February 1943, I may be kindly recommended for an increase of at least 20% over the controlled rates in respect of the first three items in my tender and 75% in respect of the other items or in the alternative revised rates as shown in the margin being the prevailing market rates.

Subject:- Tender for ration articles to Central & Mysore Jails.

Dear Sir,

With reference to your Memo No. 733-30, dated the 3rd Instant, asking me to state definitely whether I am prepared to carry on the contract at my tendered rates or in the alternative at 10% over the controlled rates on the first four items of the tender, I beg to submit that on account of the long interval (over two months) taken in accepting my tender and the non-compliance of permits by the Director of Civil Supplies for the purchase and stock the articles, and the prices of most of the articles having risen abnormally in the interval as already represented in my letters of the 8th February and 1st March 1943, I beg to submit that I am prepared to carry on the contract for ration articles if I am allowed 20% over the controlled rates on the first four items of the tender and 75 per cent over the rest of the articles, or in the alternative revised rates as per prevailing market prices for the few articles noted in the margin, otherwise I might be kindly excused.

But if the Government insists that I should carry on the contract at the rates tendered by me, I will be morally bound to do so but at a very heavy loss. I hope that the benign Government will safeguard my interests also and thus avoid heavy loss on the score.

For which act of kindness, I shall feel highly grateful to you.

Yours faithfully,

C.W. 15-3-43

Dear Sir,

Tender for the supply of articles of rations required for the Bangalore Central Jail.

As desired, I discussed the question with the Inspector-General of Prisons and also got into touch with some of the merchants in the city to ascertain whether any of them would come forward to take up this contract. I must say that I have not been successful in securing a suitable contractor to supply all the items required according to this tender. But one of the leading local merchants (Mr. N. Rudriah) is agreeable to supply some of the major items in this contract on certain conditions. The items that he is prepared to supply are items Nos. 1 to 15, 21 to 25, 29 and 62 and he is agreeable to take up the contract for the supply of these items if he is allowed 12½% over the controlled rates or current market prices for these items. I have also ascertained from the Proprietor, City Milk Supply that if a firm order is given to him he will be able to supply the required quantity of milk at the rate of about 6 lbs. a rupee. (Items 20 & 21)

The Inspector-General of Prisons whom I consulted again is of opinion that there will be considerable administrative difficulties if the contract is to be split up and if the contractor is able to supply only the bigger items in the contract as this would mean that the requirements will have to be bought from the market by the jail staff as and when required. This would mean additional expenditure and responsibility on the staff and so the Inspector-General of Prisons is of opinion that it would be desirable to entrust the entire contract to

a single contractor.

From enquiries made, I understand that the prices of items Nos.11 (kari powder), 14 (tamarind), and No.29 (Soap-nut powder) and some other items are showing a tendency of increasing considerably and merchants hesitate to come forward to take up long-term contracts for the supply of food articles. I also understand that there is considerable difficulty to get a satisfactory supply of milk in the city. If the jail staff could buy in the open market whenever required, items Nos: like 33, 34, 37 to 61, and 64 to 76, it would be possible to arrange for two contractors, one to take up the supply of the major items and another for the supply of milk. On receipt of further instructions I shall, if necessary, get a written offer from Mr. N. Rudriah.

Yours sincerely,

Sir,

I beg to state that Mr.J.Mahomed Imam, Minister for Education and Law when I interviewed him in the -- matter of my tenders for the supply of rations articles to the Bangalore and Mysore Jails, was pleased to give me a patient hearing and promised to do the needful -- in consultation with your goodself. In this connection I may kindly be permitted to state a few facts.

The rates of some of the items such as curry powder, dhal, milk, thyre, bread, etc. have increased to 300 and 400 per cent.

At the time of tender, the rates for dhal, milk and thyre were very low . Now there is not only scarcity of these but also abnormal increase in their rates. Especially with regard to the supply of milk and thyre, I am losing about Rs.60/- per day. It is not also unknown to you that the rates of almost all the articles have gone up.

I submit, Sir, that from my experience of these two months, I have lost nearly Rs.5000/- per mensem and if this kind of transaction were to continue, I will be utterly ruined.

In these circumstances, if you think that my prayer put forward in my representations to the Inspector General of Prisons is found to be high and unreasonable, I request you to be graciously pleased to grant me 20%

ORDER NO.P. 7712-13/Pris. 122-42-6

Dated, 22nd April 1943.

When the question of accepting the tender recommended by the Inspector-General of Prisons was under consideration, Mr.-B.T.Ramiah represented that since there had been a delay of more than three months in the matter of the acceptance of his tender and since the market rates of the ration articles were on the rise, he would be unable to supply the articles at the rate quoted by him in the tender.

Government agree that the prices of articles are not steady and have been showing a tendency to rise. They are therefore pleased to direct that Mr.B.T.Ramiah

60

be given the contract for the supply of ration articles to the Central Jail, Bangalore, during the calendar year 1943, at the prevailing market rates in Bangalore City, to be reported as on the 15th ~~at the close of~~ each month by the Director of Industries and Commerce, with an increase of fifteen per cent over such rates.

The Inspector-General of Prisons will obtain an agreement from Mr. B.T. Ramiah for the due performance of the contract.
